With reference to your letter No: 8067 dated the 22nd December 1909 enquiring whether the 10th March 1911 would be suitable in respect of the Mysore State for taking the next decennial census, I am directed to state that there is no insuperable objection to the 10th March being selected if that be finally resolved upon by the Govt. of India. I am however, directed to invite attention to the fact that ~~Only~~ the 11th March happens to be ~~Yekadesi~~ Ekadesiday, a fasting day

at a disadvantage in

would be better if the date

those proposed (17th Feb or 10th March)

Letter No..31-42, dated the 25th November 1909, from the Deputy Secretary to th e Government of India , Home Department, Census.

- - --

I am directed to refer to paragraph 1 of the Home Depart ment letter Nos. 50-62, dated the 13th December 1899 and to paragraph 4 of the Home Department resolution Nos. 30-32 dated the 2nd April 19 0 0, which state the considerations determining the selection of a date on which a Census should be taken. In view of those considerations and of the fact that the full moon will in 1911 fall on the 13th February and 15th March, the 17th ~~&&&&&&~~ February and 10th March of that year appear to be suitable dates for taking the next decennial census. The Census Commissioner for India recommends that the latter date should be selected, and I am to enquire whether in your opinion this will be the best date for ~~&&&~~ securing the enumeration of the normal population.

2. I am to request the favour of an early reply to this letter.

Submitted to His Highness.

I submit for His Highness' information copy of Residency letter No.8067 dated 22nd December 1909 forwarding copy of a letter from the Government of India that 10th March 1911 is the date proposed for taking the next decennial Census and inquiring whether that date would be suitable in respect of the Mysore State. This reminds us of the ensuing Census and steps have to be taken for the selection of an officer to the post of Census Superintendent.
